- REDMIKE — small, lightweight, easy-to-use microphone
- 1 stereo audio input with volume control
- Tone control provides a more natural sound
- Audio output for assistive listening and recording
- Five Year Warranty

Environmentally Friendly

True Classroom Audio Innovation

The REDCAT with REDMIKE combination delivers exceptional speech intelligibility and even sound distribution without the hassle or expense of installation. The plug-it-in, turn-it-on simplicity of this system has an extraordinary teacher adoption rate because of the immediate improvements in student & teacher learning experience while overcoming classroom noise. REDCAT is ideal for schools that want to eliminate installation, and minimize cost without compromising sound quality or full classroom sound distribution.

Wireless Integration

iRMC
(optional)

Technology integration made simple and wireless.

REDCAT Benefits

Higher student achievement:

- Students hear every word

Increased productivity:

- Improved classroom management

Maximize your technology budget:

- No installation, high-value

Audio hub:

- Simple integration with technology

Advanced exciter technology:

- Convenient, room-filling sound
