5 Ways Co:Writer® TAKES Google for Education's accessibility beyond

G

Google Drive

chrome

Gmail

Speech Recognition
Co:Writer will turn speech into text on Google Drive, email, and across the web. It even reads the dictated text aloud.

Translate While Typing
Write in your first language, and Co:Writer will translate in real time—right in the sentence.

Translate While Speaking
Hit the microphone button and speak the words. Co:Writer will translate automatically.

Word Prediction in Multiple Languages
Get word prediction across languages with the right tense and conjugations.

Data Collection
See how much students are writing and their vocabulary usage.

5 Ways Snap&Read™ TAKES

Google for Education's accessibility beyond

Google Drive

chrome

Google Cloud Platform

Google Hangouts

Google Translate

Google Classroom

Read
Anything you can get your hands on, no matter how hard, it removes the limits to learning

Annotate
Answer worksheets, label diagrams, take notes

Level
Just a click and transform any text to make it understandable

Translate
Just click to translate text into a language of your choice and then listen to it read aloud

Study Tools / Highlighter
Cite sources, gather evidence, take notes...
