Authors’ Note

This unit is designed for 7th grade Language Arts classes. It will be taught during the 4th 6 weeks grading period. This unit will last for 6 weeks.

This unit is being designed due to 7th grade curriculum requiring all 7th grade students to participate to explore the study of characters and theme in reading. We have discovered through our co-taught classes that our students with special needs tend to struggle with the reading and comprehension aspect of this requirement. We hope that this unit will allow ALL students to find successes. We hope that they will gain an understanding of what the friendship means, what loss can mean to someone, how characters and theme effect a story, understanding of web searches. Universal design has opened our eyes to all the resources available to allow ALL students access to the literature and information needed.

Special technology requirements are:
- LCD projector
- Computer lab or access to groups of computers
- Books on tape, MP3 players, scanners (book will be scanned then made into a text to speech version and downloaded onto MP3)
- Smart boards

Planning for Academic Diversity

Before you begin planning your unit, consider the following types of scaffolds that should be built into your unit to support diverse learners:

For **students that cannot read at grade level**...
- Try text to speech [http://www.readplease.com/](http://www.readplease.com/)
- Try [www.classicbookshelf.com](http://www.classicbookshelf.com)
- Try [http://wikipedia.com](http://wikipedia.com)
- Try [http://voicethread.com](http://voicethread.com)

If a student has **difficulty comprehending the material**...
- Try study aids [http://www.sparknotes.com](http://www.sparknotes.com)
- Try [http://layeredcurriculum.com](http://layeredcurriculum.com)

If students have **difficulty mastering the vocabulary** of the unit…
- Try a visual thesaurus [http://www.visuwords.com](http://www.visuwords.com)
- Try [http://dictionary.com](http://dictionary.com)

If you have students who have **difficulty with handwriting**, (either speed or accuracy), then...
- Consider dictation [http://www.idictate.com](http://www.idictate.com)
- Consider allowing students to type or word process.
- Consider allowing students to record oral response as mp3.

If you have **students who need additional challenge**, then...
- Search Google or TrackStar for enrichment activities
- Try [http://inspiration.com](http://inspiration.com)
- Try [http://kurzwiel3000.com](http://kurzwiel3000.com) (use for scanning documents)
- Try providing internet access

If your unit **requires students to conduct research**, you might want to use...
- Try [http://www.42explore.com](http://www.42explore.com) under topics Character and Ethics
- Try [http://livescribe.com](http://livescribe.com) – to allow for oral notetaking

If you have students who need language other than English, you might want to try:
- EverythingESL: [http://www.everythings esl.net/inservices/elementary sites_ ells_71638.php](http://www.everythings esl.net/inservices/elementary sites_ ells_71638.php)

Assessment

The UDL principle of multiple means of expression is an important design principle for assessment. The following materials and resources will be useful for assessing student knowledge, skills, and application of their learning.

Some possible organizers for this page:

**Do they know it? (Declarative knowledge)**
Use [www.funtrivia.com/trivia-quiz/Literature/.html](http://www.funtrivia.com/trivia-quiz/Literature/.html)
The students will choose to complete one of the following: diorama, power point presentation, poster, oral report (in person or pod cast), or book report.

**Can they do it? (skills)**
Based on their completion of the required project we will know if they are capable of identifying story parts.
Based on their completion of novel assessments (novel quizzes, written & oral response to visuals) we will know how well they comprehended each novel.

**Application (near transfer/far transfer)**
Students will be able to use the researching skills that they have gained through this unit on future projects. They will also have gained a concept of character and building friendships that will help them throughout their lives. This will be evidenced by building interpersonal relationships with diverse cultures.

**Grading guidelines**
Students will be grade with both formal and informal assessments. Rubrics will be used to grade the students’ projects.
