“I HAVE A DREAM” AND “GLORY AND HOPE”

An Instructional Unit Resource Guide for Grade 9
Based on Principles of Universal Design and Differentiated Instruction

Lessons taught using Universal Design for Learning are a new and exciting method of helping all of my students learn more and learn better. Since I am just beginning this adventure, I am hoping to see some exceptional results.

I teach ninth and twelfth grade English at Merrillville High School in Merrillville, Indiana. Merrillville High School is a school of 2,100 students whose ethnic and cultural diversity serve to make our school richer. The twelfth grade course I teach is a combination of advanced composition, mythology, and British literature. The ninth grade course for which this unit is intended is a survey of the five genres of literature, writing, and the state standards. Two of my four English 9C classes are Inclusion classes I co-teach with Mrs. Kim Corman. I was chosen to be on our school’s UDL Team because I spent the first thirteen of my eighteen years of teaching advising publications. Doing the newspaper and yearbook gave me a greater understanding of computers and much more practical experience than most of my peers.

I chose to do a Universal Design for Learning unit on “I Have a Dream” by Dr. Martin Luther King Jr. and “Glory and Hope,” Nelson Mandela’s inaugural address. I teach them every year. This is usually the first unit of the second semester, which makes them fall immediately after Dr. King’s birthday. I usually spend seven days to two weeks on them. This unit makes an excellent segue into the Non-fiction Unit in which we cover works by Maya Angelou, Richard Wright, Alex Haley, and Bill Cosby. The two units combined usually begin with Dr. King’s birthday and end during February for Black History Month.

- Periodically check the student's work log checking answers and noting strengths and weaknesses.

- Writing a persuasive essay explaining whether or not Dr. King has achieved his dream using examples from the speech to support your points.
